

# Stepping Into the Unknown

A one day workshop of Systemic Constellations

Facilitated by

*Dee Yoh, CCP, CSCF, Assisted by Maggie McIlvaine*

Sponsored by Bridge Between The Worlds

Saturday, April 11, 2009 ~ 9:30 a.m. - 5:00 p.m.

2395 Paddock Wood Road, Keswick, VA

Witness how the power of systemic constellations **reveals hidden truths, silent loyalties and alliances** that have impact over several generations. See how the family consciousness creates **systemic entanglements that hold us back** from living life fully. This approach exposes the deeper reasons why disharmonies occur resulting in unexplained emotions, illness and disease. If there is any area of your life you just can't seem to work through, this is the opportunity to expose the hidden dynamics at work which hold you back. Find out what dynamics need to shift to bring peace into your family and into your relationships.

Some will have the opportunity to view the hidden dynamics by watching representatives for their family members step into the morphogenic field. **Insights, from subtle to profound, are gained by coming into deeper contact with this family energy field and enable core adjustments to be made to rebalance the energies within the family for generations past, present and future.** Relief may be experienced on the physical, mental, emotional and spiritual realms. The facilitator assists to restore balance, dignity, respect and love in a situation that otherwise goes undetected.
